^{*} The "Interest Factor" is a weighted average based on a 6% annual statutory interest rate in effect through 12/31/2002, 5% through 12/31/2003, 3% through 12/31/2004, and 4% thereafter, used for quarterly filed tax returns. This "Interest Factor" is intended to save you time and effort by allowing you to report your taxable purchases on an annual or semi-annual basis when possible, rather than on a quarterly basis.
